Winter school for scientists from Feb 21

KOCHI

The Indian Council of Agricultural Research (ICAR) in association with the Central Institute of Fisheries Technology (CIFT) is organising a 21-day winter school for scientists and university professors on marine biomolecules for healthcare and fighting malnutrition. Twenty-five officials and researchers from various State agricultural universities, Central agriculture universities, and ICAR institutes are attending the programme. R. Chandrababu, Vice-Chancellor of Kerala Agriculture University, will inaugurate the programme on February 1.
