CIFT FOUNDATION DAY

Kochi: Central Institute of Fisheries Technology (CIFT) is celebrating its 61st Foundation Day on Saturday. During the occasion, the institute has chalked out an open house programme to reach out to the common people. This will give an opportunity to all stakeholders including fish workers, students, industrial personnel, extension personnel, scholars and common people to acquaint themselves with the significant activities of CIFT. People will have opportunity to visit various facilities of the institute like NABL accredited laboratories, agribusiness incubation unit, fish processing pilot plant, engineering workshop and net mending workshop. CIFT has made commendable scientific contribution in the fields of fish harvesting, processing, packaging and product development.
