CIFT joins with NFDB for skill development

Kochi: The Central Institute of Fisheries Technology (CIFT) has joined hands with the Hyderabad-based National Fisheries Development Board (NFDB) to provide skill-based training to fishermen and entrepreneurs from Kerala, Karnataka, Telengana, Andhra Pradesh, Maharashtra and Gujarat. The multi-dimensional training programme focuses on pre-processing and drying of fish, value addition, fish waste utilisation, gear fabrication, deck hand training, fishing techniques, recreational fishing, processing of seafood and food safety management.
