ICAR-Central Institute of Fisheries Technology (CIFT) and GITAM deemed to be university have signed an MoU to mark the beginning of a strategic partnership aimed at advancing research, technol-

ogy transfer, and educational initiatives. The MoU was formally signed here at a ceremony that brought together distinguished members from both institutions. The MoU was exchanged between Dr D Gunasekaran, Registrar and Dr George Ninan, Director, ICAR-CIFT. In his speech, the

Registrar emphasised that both the institutions will work together to address the common research problems and will develop sustainable solutions to benefit the country. The MoU aims to work for R&D and joint research initiatives to address emerging challenges and develop innovative solutions.
