KOCHI

The Union Minister of State for Fisheries, Animal Husbandry and Dairying George Kurian visited the ICAR-Central Institute of Fisheries Technology (CIFT) here on Thursday.

During the visit, the Minister released upcycled products made from fibre-reinforced plastic sourced from abandoned fishing boats.

The Minister also handed over a memorandum of agreement (MoA) to three stakeholder groups for the use of machinery that converts fish waste into aqua feed and manure. Mr. Kurian released ICAR-CIFT publications and honoured Swachhta leaders, according to a release.
